

# SPONSOR SPOTLIGHT : RESIDENCE YACHT CLUB

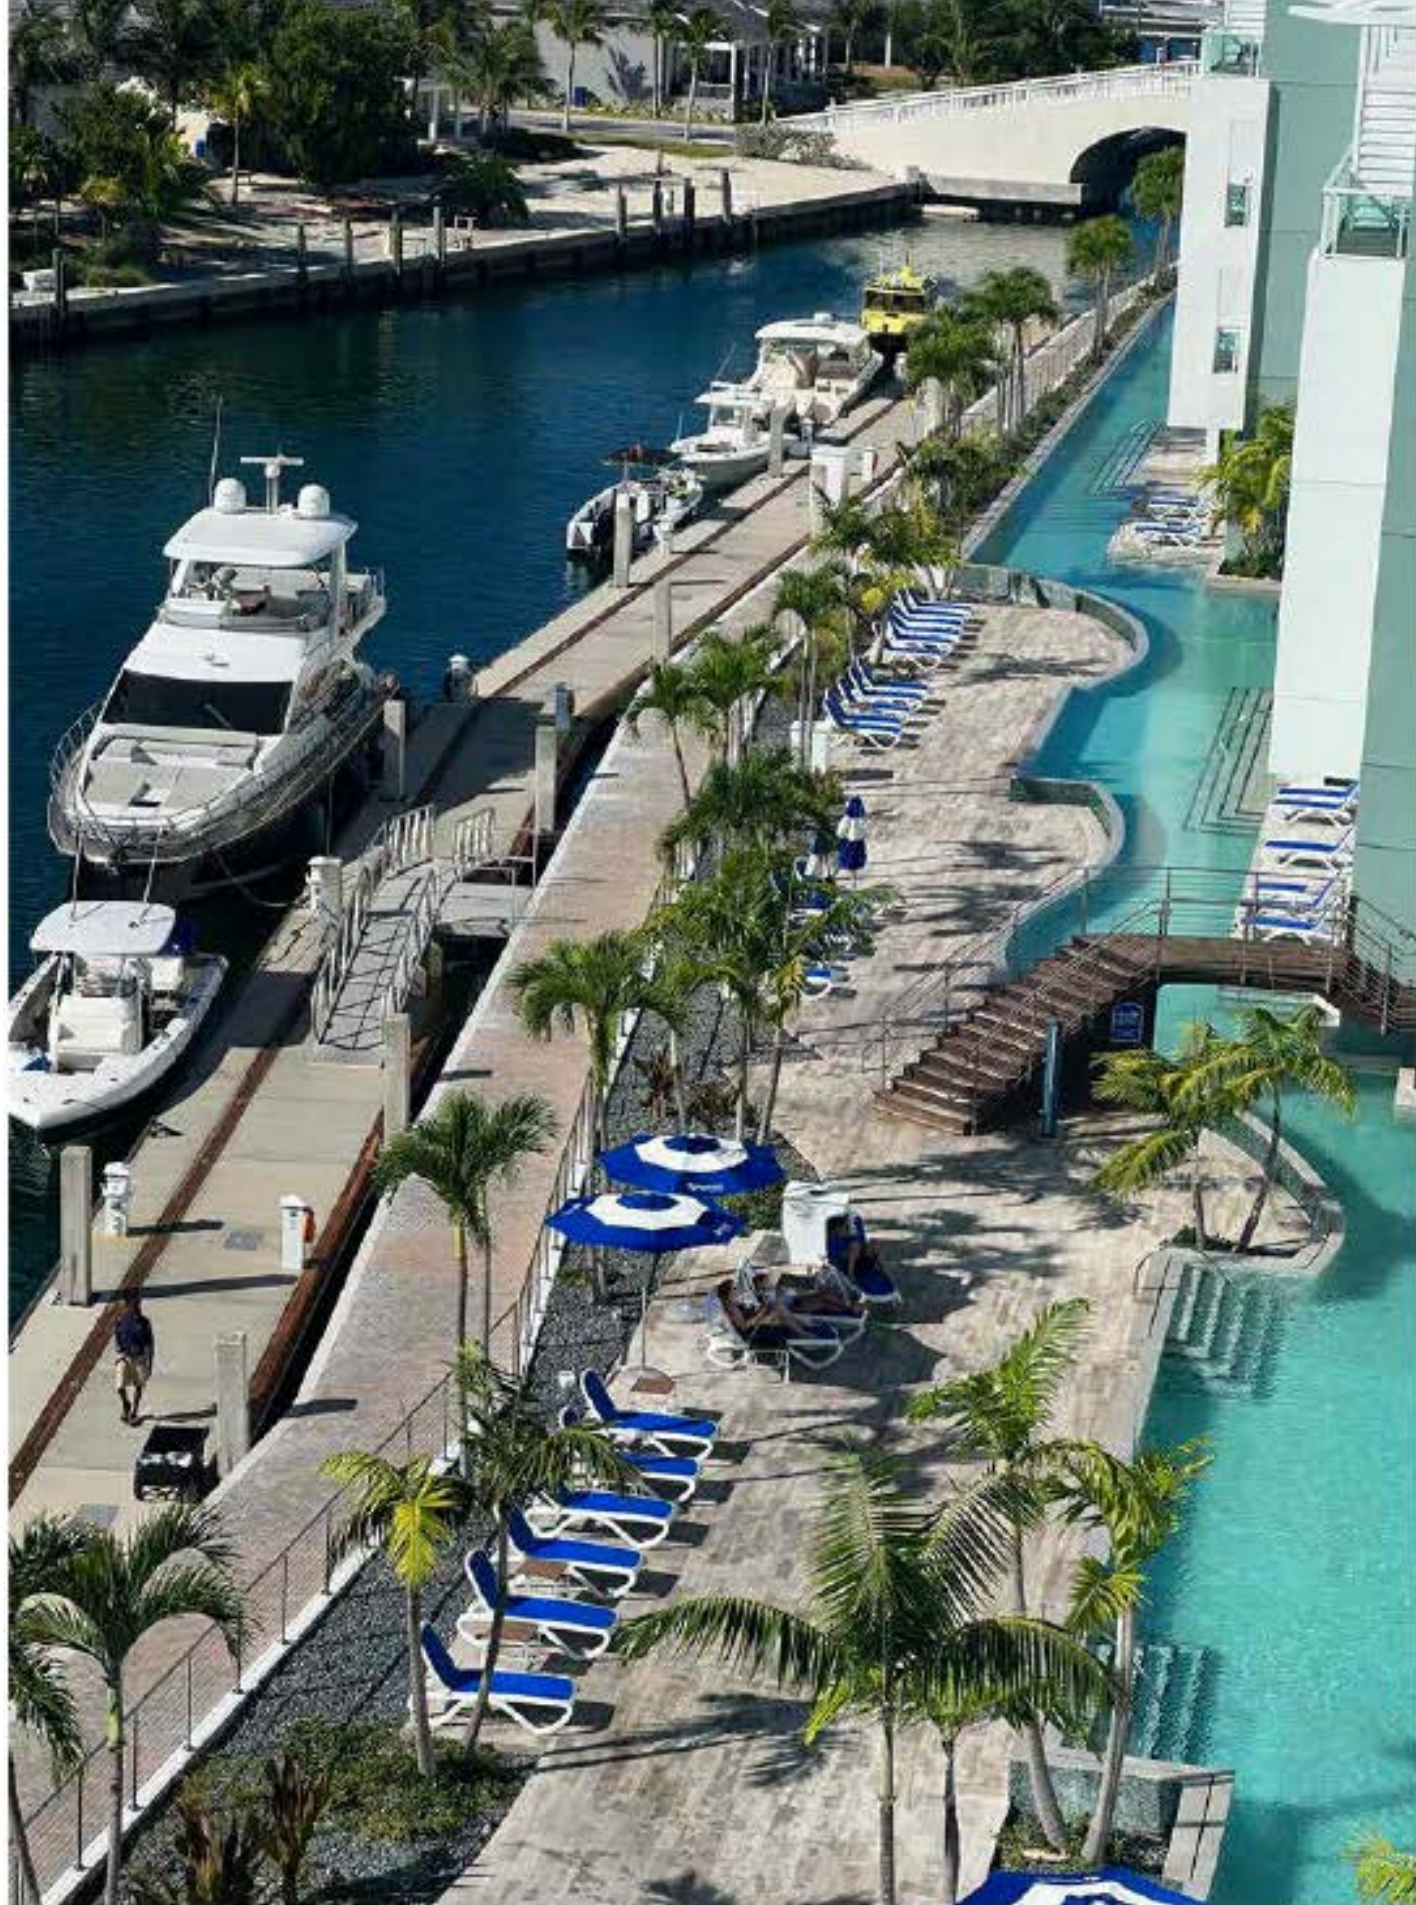

During the pandemic, Miami nightlife and media guru Eric Levin launched Residence Yacht Club and now you, your family and friends can enjoy the most haute membership in South Florida.

They say why buy a cow when milk is so cheap. Well, ain't that the truth especially when it comes to the nautical world. Considering we reside in the most beautiful city in the world, we invite you to sail away for the day, for a few days or even longer with a membership that will leave you headache free as you live your life in the lap of luxury.

Founder & CEO Eric Levin who made his name in the early 1990s on Miami Beach whilst opening nightclubs like Rumi and the Chili Pepper is a hospitality guru who woke up one day when Covid hit, and "I saw a gap in the market in the yachting space and realized there was no business which provided a hassle free yachting experience for people who have an interest in being on the seas, whether it be locally, nationally or even internationally from the Caribbean to the Bahamas or even the Florida Keys," and so - he created it.

We introduce you to a first-class service with a dedicated team before, during, and after each charter. Designed to satisfy annual travelers as well as local members in South Florida. The Agency was designed

with the most prestigious clients in mind, and Residence Yacht Club's elite yacht fleet provides unparalleled quality and onboard experiences to pamper anyone looking for a memorable adventure at sea. The professionally managed yacht fleet to the industry best hand-selected Captains and crew. Their sanitized charter procedures before and after every charter allow for members to fly free on the seas. And members receive concierge assistance 7 days a week. Based on availability, they need just a few hours' notice for members to organize an experience of a lifetime.

Vetting all applicants for membership, "our client base is made up of individuals that can afford their own yacht and are respectful of the property of others." Residence Yacht offers a selection of fifteen vessels that range from 50 ft. to 105 ft. and "they tend to be newer models that we either own, invest in or have a management agreement with." As of

recently, they have access to a brand-new 95 ft. Princess from England.

Speaking of vessels, members can choose from 92 ft. Hargrave with a cabana that is built in and beach club on board, the brand-new 95 ft. Princess, an 88 ft. Princess, a 68 ft. Azimut with a flybridge, and 55 ft. Azimut sport. They also have a 66 ft. glowing Pershing, "and if the boat that you love is not available for the date you choose, we are able to offer complimentary upgrades."

Included in the membership is a Sprinter vehicle to transport members to-and-from the charter and members can separately rent these vehicles for personal use.

Working in tandem with properties like Fisher Island, the Continuum, and hotels like the Four Seasons Surfside, HYDE Seas, Faena, I Hotel, and the SLS to name a few, "it is all about partnerships for us with hospitality brands, too." Considering that chartering through this program is extremely practical and fiscally responsible "our

cost-per-charter is between 15 and 30 percent less." And truth be told, "this is as white-glove as it gets."

Because people just love the nautical life, from dinner cruises to longer vacations, members can take their pick "and we also cater, or you can bring your chef. Whatever you need, we are here to make it easy." Plus, "as the membership opportunity is so tight-knit, we get to know the members, what they like and how they like so it makes them feel like it's their own vessel."
